

Learning Style Questionnaire

Instructions

For each statement, circle one response that is MOST like you.

1 You buy an appliance that you're not sure you know how to install. Unfortunately, no one is available to install it for you, so you must do it yourself. You:

- a. Call a friend who has set up a similar appliance before, and ask for advice
- b. Read the instruction manual from cover to cover before beginning
- c. Plunge ahead with installation, referring to the manual only in crises

2 When you face a new situation or need to learn something new, you are most likely to:

- a. Ask a knowledgeable person how he or she would approach the situation
- b. Read articles or a book about the topic
- c. Try a variety of approaches and see which of them works best

3 When you attend a training class or workshop, your favorite part is :

- a. The opportunity to exchange ideas with other people in small- and large-group discussions
- b. The concepts, theories, and frameworks that organize the workshop material
- c. The exercises, activities, and practices that use the workshop information
